CAREER OBJECTIVE:

Aspiring Computer Science student with a strong foundation in AI, ML, and software development, dedicated to creating innovative solutions that solve real-world problems and drive technological progress.

ACADEMIC QUALIFICATIONS:

Degree	Institute/University	Year of Passing	CGPA/ Percentage
B. Tech	Lovely Professional University	2027	8.32
H.S.C.	Shri Guru Nanak Sr. Sec. School	2023	88.8%
S.S.C.	Shri Guru Nanak Sr. Sec. School	2021	78.00%

INTERNSHIP:

CHAHAT NGO

Intern – Women Empowerment & Education | June 2024 – July 2024

- Designed and delivered interactive sessions in English, Mathematics, and computer literacy for children.
- Supported women's vocational programs with skill development workshops and entrepreneurial guidance.

PROJECTS:

1. **SolarECO – Solar Panel Efficiency Prediction & Recommendation**

   Developed an AI-powered system to predict solar panel efficiency based on weather and maintenance data.
   - Provided recommendations for new solar panels based on user budget, electricity needs, and efficiency requirements. Integrated an AI-powered chatbot to answer user queries and guide them through the system.
   - Technologies: Python, Machine Learning (XGBoost), Data Analysis, Web Scraping, Flask.
2. **Memory Game in Unity**
   - Built an interactive memory game focusing on game logic, user interface, and smooth gameplay experience.
   - Technologies: Unity Engine, C#, 2D Game Development, Game Design Principles.

HACKATHON/COMPETETIVE EVENT:

- HackWithVertos 1.0 – Secured Top 10 position among participants from School of Computer Science and Engineering.
- LPU's Innotek Project Expo – I was selected to represent the School of Computer Science and Engineering at LPU's Innotek Project Expo showcasing our project among top innovations.

CERTIFICATIONS:

- Game Development Mastery – Cipher Schools
- Introduction to Data Science – Cisco Networking Academy
- Google AI Essentials Specialization – Coursera

COMPETENCIES:

- **Technical Skills:** Python, C, C++, Java, Django, Rest API, Postman, Machine Learning, AI & Chatbot Development, Data Analysis, NumPy, Pandas, Matplotlib, Unity, GitHub, SQL.
- **Soft Skills:** Team Player, Multi-tasking, Solution Oriented Mindset in Ambiguous Situations, Communication skills, Presentation skills, Critical Thinker

EXTRA-CURRICULAR INTERESTS:

- **Club ELECTRA (Founder and CEO)**

- Founded and led an E-sports event organizing club, managing events, competitions, and team coordination.

PERSONAL DETAILS:

- **Languages Known:** English, Hindi
- **Address:** Kashipur, Uttarakhand, 244713
